Estimated Total Weight: _____ lbs

I understand:

- Wood must be cut to shape (max 5" width)
- Pricing is based on final weight
- Turnaround is 6–8 weeks
- Results may vary
- You will receive an invoice within 24 hours of receiving the wood for a deposit to start. Once that is paid, you will receive updates on the progress of drying, stabilizing, and curing. The final invoice will be sent with the weights upon completion. Once that is paid your order will be shipped back.
- No refunds or returns
